Lora got her scripts Thursday and she has been as far north as Dumprees Va ( Richmond) and everywhere in Wv and she had to return to Buffalo Pharmacy where he will only fill 60. It's really stressed her out and she ask me to text ya and see if you could this one time write her about 60 roxy 30s to compensate for her losing 30 opanas. This would only be a one time thing because kentuckiana will be able to fill her whole perscription in may. She has drove all day Friday, sat, and Sunday to several pharmacies and has had no luck. If you can do this for us Kerry and Rabi hatfield is there now and would bring the perscription to her. Thanks

Or if you feel you are an addict then that plus counseling would be a helpful bridge to recovery. I'm not you and am only offering suggestions just as before. I'm offering them out of care and concern (not being a smartass or anything like that).

Sorry, I've been out of the office the past few days... Unfortunately, I am not prescribing antibiotics unless I am able to do a physical exam and would also need to check your urine for signs of infection. Antibiotics are dangerous and should ONLY be used after proper diagnosis. Hope you were able to get some relief!

I will go by what is there, if anything. Whether a patient shows for their appointment or not doesn't change the documentation if they failed their most recent urine drug screen. If a patient no-shows and has a failed urine drug screen for a dangerous substance (such as cocaine) it will all still be documented into their medical record.

Debbie and whoever else is needing to make appointments needs to let me know or let you know so we can get them scheduled. Lots of folks are wanting to become new patients these days (most from WV due to more docs there getting shut down) so the sooner we can get everyone scheduled for this month the better.

After much thought and weighing the issues, just to be clear on the Brandon situation: after he and Mr. Smith left we tested his urine and it came back negative for the medicine he should be taking. This raises two problems, it points to drug diversion and to the fact that he is clearly not taking his medicine as prescribed. In addition to the UDT fraud, these are pretty damning evidence that I unfortunately cannot trust him with this very serious medication. Because of the issues listed above he will not be welcome back at my office.

Below was my reply:

"No. You will ALL need to come for your appointments. I can see y'all tomorrow or Wednesday. After that I will be out of town until Monday, 12/14. Y'all need to plan to be here for your appointments as scheduled or find another doctor."

I will be leaving my office at 3pm on Wednesday and not available until Monday, 12/14. I cannot help the fact that people who were scheduled for yesterday did not show up (Lora, Pritt, Scotty, & Mike Robinette). If people aren't going to keep their appointments then they can go elsewhere or just plan to pay me \$450 every visit. If anyone wanting to be seen not on the schedule Wednesday that needs to be seen before 12/14, then they better get their asses here before noon on Wednesday (& yes, I already have a full schedule that day). I was at the office til 10:30 last night cause I saw several not on the schedule. I can stay til 6pm tonight if any want to come today, but they better get their asses here early and bring ALL their fucking medicine. Half the reason yesterday was a giant cluster was because peeps aren't doing what I'm telling them to... Gonna have to figure out what motivates these folks  
Maybe you can help me with that

I just spoke to UPS here locally and the trucks have already left for the day. The earliest anything will leave now is Saturday and he said if we next day air it, it would arrive by Monday morning. So that is what I'm planning to do.

<p>4/4/2016 4:35:56 PM(UTC-4), +13047419893 (Darryl Williams)  Lora got her scripts Thursday and she has been as far north as Dumprees Va ( Richmond) and everywhere in Wv and she had to return to Buffalo Pharmacy where he will only fill 60. It's really stressed her out and she ask me to text ya and see if you could this one time write her about 60 roxy 30s to compensate for her losing 30 opanas. This would only be a one time thing because kentuckiana will be able to fill her whole perscription in may. She has drove all day Friday, sat, and Sunday to several pharmacies and has had no luck. If you can do this for us Kerry and Rabi hatfield is there now and would bring the perscription to her.
